# ONTARIO GENERAL STRIKE

APRIL 24, 2026 - 9:00 AM - ALL CITIES

A court ruled Doug Ford's phone records must be made public. Within days, he rewrote the law - **retroactively**, without hearings, without debate - to make it impossible.

The Greenbelt. The Skills Development Fund. Bill 5, which lets this government override any law at will. Bill 33, which stripped school boards of their authority. Scandal after scandal, law after law rewritten to protect **power** instead of people.

Ninety-five percent of FOI requests are filed by ordinary Ontarians - not journalists. He silenced all of us. We are done asking.
